Colour Insert Kit

Features

- Pre-cut inserts for Incandescent Lamp Windows
- Variety of colours
 - Red
 - Yellow
 - Green
 - Blue
- Extra colour inserts supplied

Overview

To provide colour differentiation for incandescent lamp windows the colour filter kits are supplied with the incandescent Annunciators.

These colour inserts are pre-cut to size and are simply fitted into the clear window lens and the diffuser fitted on top. This kit is supplied with every Incandescent Annunciator shipped and also available as a spare part using Model Number C1163.

The kit contains a pack of four colours with the following quantities of each colour insert:

- 16 Red
- 16 Green
- 16 Yellow
- 4 Blue
